

asscom Middle East has been certified according to EN 9110:2010 by TÜV Süd

© 2013 asscom GmbH

asscom Middle East has successfully passed the EN 9110:2010 certification process. This achievement represents a further milestone of **asscom**'s continuous efforts to ensure and further develop high level of quality standards. The certification has been conducted by the TÜV Süd, one of the world's leading technical service organization. The picture to the left shows Mr. Martin Krufft from TÜV Süd and Mr. Peter Wiggers, Managing Director of **asscom** Middle East during the handover of the certificate on the occasion of the Aircraft Interiors Expo 2013 in Hamburg
